Dear Mr. Spell,

Your understand my writing. I do regard all of the covering up as at the very least an effort to all decencies. However, this honesty in expression is not popular commercially. Nor has The Watergate changed commercial attitudes a bit.

The reprint editions of my works are exhausted. The only available books are listed in the enclosed blanks.

Postage is about \$0.16 a book if ordered individually, \$0.24 for Frame-Up. It is a little less if all are mailed in one package. If all go together, a single insurance fee will insure them all @ \$0.20.

The decision to which you refer is that of the 6th circuit court of appeals (U.S.). It's decision comes right from my writing in Frame-Up, as does the Ray appeal. The court singled out what I exposed about Ray's earlier lawyers, particularly Foreman. The letters it cited are printed in facsimile in Frame-Up (only).

What you say of the radio report is too vague for me to comment with certainty. However, I believe you are referring to conclusions drawn from a motion Ray filed on his own prior to this decision. In that he referred not to two men but to two phone numbers. In this motion Ray also alleged that he did not see the shooting.

The answers to your other questions, to the degree I can answer them without being irresponsible, are in Frame-Up. I hope you can understand that I can't now take the time for letter-writing of that character or I'd do nothing else!

Little as your papers carry, they may print what does not appear elsewhere for all papers do not carry all wire-service copy and there are regional wire-service wires that do carry what is not on the national wires. So, if it is not asking too much, I'd appreciate it if when you see something in your papers on any of the assassinations you would send it to me.

There is also the possibility that because of your proximity to Memphis your papers might print what those here do not.

Your inferences about Huie are correct. I document that in Frame-Up, with facsimile reproduction of his contracts with Ray and Foreman and Hanes. All racists.

Thanks for your kind comments.

Sincerely,

Harold Weisberg
